DEVORAH'S DATE TREE

The most reliable and respected New Moon and Barley Inspection reports from Israel

Dear Friends,

We just received a message from Yashayahu and Noga Rosen, informing us that they sighted the New Moon from Tiberias at 4:48pm this evening, Friday, 25 November 2022! Please note, the photo at the top of this report was taken from our observation point in Jerusalem this evening, as we didn't see the moon in Jerusalem, the moon is not in the photo.

To remind you, Rosh Chodesh (the first day of the month), begins with the sighting of the new moon and ends the following evening at sunset. This means that sunset on November 25, 2022 marks the beginning of the new month. Be sure to keep track of what number month this is based on when you started the new year.

How should Rosh Chodesh be celebrated?

Rosh Chodesh is a celebratory day (Num 10:10; Hosea 2:13), which is traditionally commemorated by blowing the shofar (Num 10:10; Psalm 81:4[3]), having a festive meal (1 Samuel 20:5,24), and worshiping at the Beit HaMikdash (Temple) (Isaiah 66:23; Ezekiel 46:3) with a special sacrifice (Num 28:11-15; 2Chronicles 2:3; Ezra 3:4-5, Ezekiel 45:17, Ezekiel 46:6).
