TABLE OF NEW MOON REPORTS

Alert!

Dear moon sighting helpers, please send me an email if you want a new moon reminder sent each month as before.

**A bug in Google Authenticator locked me out of my moonsighting email account.
I have to rebuild my contact list in a new account.**

Please send to: moons@xemaps.com
I appreciate all your help over the years.

Look below table for info on next new moon.

When sighting predictions extend over two possible days, and we receive sighting reports from two or more reliable witnesses on the first day, sightings reported for the second day are not listed.

Postings are made as timely as we can.
Thanks for your understanding---Rich Lobert
