Notice!

**If you are interested in receiving New Moon reminders, please send your contact
info to**

moonrpt(at symbol)xemaps.com

I appreciate all your help over the years.

[VIDEO: How to sight new moons](#)

Look below table for info on next new moon.

When sighting predictions extend over two possible days, and we receive sighting reports
from two or more reliable witnesses on the first day, sightings reported for the second day are not listed.

Postings are made as timely as we can.

Thanks for your understanding---Rich Lobert
